

Rock Creek Garden Clubs

(SOCIAL CLUBS **NOT** ASSOCIATED WITH THE RCPOA)

Along with a wonderful group of people, a great camaraderie and social experience is awaiting you in one or both of two Garden Clubs within Rock Creek and Eastern Rock Creek.

Giving residents an option of attending the First Tuesday or the First Wednesday of every month, the social clubs provide opportunities for their members to participate in different programs within the Rock Creek community. Many of these programs provide occasions to beautify areas in the subdivision, as well as, a continuous expansion of knowledge of gardening through the monthly programs.

However, every venture or undertaking does not necessarily pertain to gardening. There are numerous projects that give assistance to and benefit those that are in need within the Fairhope community and surrounding areas.
