PROPERTY OWNERS ASSOCIATION

February 18, 2009

The Honorable Mayor Timothy M. Kant  
Mayor City of Fairhope  
161 North Section Street  
Fairhope, AL 36532

RE: Resurfacing of Rock Creek Parkway

Dear Mayor Kant,

We appreciate you taking the time to meet with us today, and were pleased to hear that you believe the resurfacing of our entrance way is long overdue. It is particularly encouraging that you consider funding not to be an issue.

As you requested we are submitting this letter to document our understanding of today's meeting and the next steps involved in resurfacing Rock Creek Parkway through the "T".

- Jennifer Fidler is preparing a cost estimate for the resurfacing job
- The cost estimate will be presented by you for approval at the Finance Meeting on March 16, 2009
- Upon approval we will be provided a date for the repairs to begin
- Future repair areas to be identified by city personnel and placed in the budget
- A representative from Rock Creek will be able to talk with the contractor before the work is done, to be sure the asphalt mix will, in time, match the color of existing Rock Creek Roads.

If we have somehow misunderstood the conversation please clarify any of these points. You can reach me directly at 583-0870 or novakal@hotmail.com.

Again, thank you for the meeting, and we look forward to working with the city.

Sincerely,

  
Steve Novak

On behalf of the Community Liaison & Traffic Committee – Rock Creek POA
