

NO GARBAGE PICKUP IN ROCK CREEK

FRIDAY JULY 3d.

But Hey! Get used to it!

It would appear that in addition to a new sales tax, there will be an accompanying reduction in city services as well.

All indications seem to point toward a decision decreeing once per week garbage pickup in Fairhope.

We are told there is a “moratorium” on the city policy of issuing larger free trash receptacles to homeowners upon their request. So, you might call first before you try to get ahead of the rush for your “free” larger container.

Council members can be quoted as saying the decision to go to a once per week pickup is a “done deal”.

Potential savings the city might realize were presented to the city council a few months ago. To say the savings estimate of \$250,000 per year was “soft” is an understatement.
