

Anecdotes & “Pay It Forward”

“Here is your opportunity to tell the world a funny, sweet, happy story about a Real Estate experience in your life. Come on now, I know you can remember something good to say! Also, I’m going to challenge you to “Pay It Forward”. Let me explain. I hope the residents of Baldwin and Mobile counties knew about my website sponsoring a “Free Homeowners’ Financial Crisis Day” on March 14th, 2009 -yesterday! (If you didn’t, hopefully we will have another “Crisis Day” event soon). With help from my mom and a co-worker – Suzette Waller – we were able to get donations from merchants all over Baldwin County, AL for door prizes and food for the event. Local Attorneys, an accountant, credit counselors and more donated their time and expertise to explain the process of/and homeowners’ rights when facing foreclosure, bankruptcy or short sale, along with the tax ramifications. A representative from the Consumer Credit Counseling Service discussed the Stimulus Package and how it may help the distressed homeowners. Following the discussions, all the speakers took questions from the audience. Local, State and Federal assistance programs and universities had information booths. I watched people arrive with their faces full of fear, defeat, and resignation. I watched many of these people leave with smiles and HOPE on their faces! So, I’m sending out a big “Thank You!” to everyone who participated – donating their time or merchandise in a time when we are all strained to the limits. Now, let’s “Pay it Forward”: send me the story of an act of kindness done to or for you – and your act of kindness to “Pay it Forward”!
